

# It's A New Day!

Dark Clouds Move Over...

## The Sun Has Once Again Risen For Indiana's Deer Farmers!

Indiana's captive hunting industry is officially legal and on the books after Governor Mike Pence signed legislation into law March 22nd.

Senate bill 109 is the culmination of a 10 year legal battle waged over these hunting grounds and is effective immediately.

This victory resulted from the contributions and efforts of many individuals and organizations - IDEFA, NADeFA, Farm Bureau, BOAH, other state deer organizations and many others.

THANK YOU TO ALL!

We can now talk about a future for our industry and you do not want to miss this years annual benefit auction and fund raiser. We plan to have a fun and full educational day.
